# INTRODUCTION

Established in 2004, Temb  DIY and Building Products Ltd is a British company based in Doncaster. We're really passionate about our uncomplicated approach to business and making great quality products for professionals and DIY through our brands HIPPO® and FILLTITE®.

## Strange Name?

We're proud to share our name with Temb  Elephant Park, a 300 square kilometre reserve located in Africa between Zululand and Mozambique. It's an inspirational place where the busy modern world ceases to exist. The Temb  people are ancestral custodians of the area and are famous for their friendship and warm hospitality.

We're active supporters of Children with Cancer UK. It's the nations leading childrens charity dedicated to the fight against childhood cancer.

## TRUSTED SERVICE

We aim to deliver all direct customer orders on time, in full within a strict maximum **72 hour lead time**. Customers can stock our products with the minimum amount of fuss, to do this we work hard to combine low carriage paid order values with small case quantities. This enables retailers efficient use of merchandising space and to operate with optimum, lean stock levels.

## ASSURED QUALITY

We understand that trusted quality is increasingly important to both our direct and indirect customers. Temb  operates an ISO 9001 quality system accredited by the British Standards Institute. Many of our products are CE approved and carry the appropriate accreditations.

## Carpet Protectors

### The Original Reverse Wound Carpet Protector.

Unlike most carpet protectors Hippo's special water based adhesive allows it to be used on all types of carpet including those made from wool and natural fibres.

No expensive, special applicator devices are required for use. Instead rolls are reverse wound which means they can simply be dropped in place and quickly kicked out to unroll.

Hippo Carpet Protectors are fire retardant so they meet with commercial fire regulations and can be left down overnight on site. This is especially useful during hotel refurbishments. Leave Hippo down for up to 28 days and remove easily without residue.

### Hippo Carpet Protector Dump Bin

S99018 600mm  
S99019 800mm

Pre-loaded dump bin display for 50 metre rolls of carpet protector. Two versions available depending on the roll width. Each holds 9 rolls.

### Hippo Floor Protector Staggered FSDU

S99025

Suitable for displaying various combinations of carpet and hard floor protector sizes. Features a stepped floor that helps make all rolls visible front to back. Ships flat packed.

### Hippo SEALit General Purpose Silicone

H18530 - 33

A neutral cure low modulus silicone sealant for general use when permanently flexible, high strength, waterproof joints are required. Tested to ISO11600 class: F & G 25LM. Will accommodate up to +/- 25% movement when dry..

### Hippo SEALit Sanitary Silicone

H18535 | H18536

An acetoxo curing silicone sealant containing a powerful anti-fungal compound to prevent mould & fungal growth in areas of high humidity. Tested to ISO11600 class: F & G 20LM. Will accommodate up to +/- 20% movement when dry.

## Hybrid Products

### Hippo PRO1® Power Bond Ultimate Grab

H18508

Simply the best grab adhesive that money can buy.

The latest hybrid technology in PRO1® delivers a level of initial grab strength that's typically double that of other products on the market.

PRO1 eliminates the need for costly temporary supports and replaces not just nails but nuts and bolts as well. Plus get the job done with any environmental conditions because it even works in the wet and dries under water.

H18503	Hippo PRO2® Sealant & Adhesive	310 ml Cartridge Trans	1	5060084185036

### Hippo PRO2® Sealant & Adhesive

H18502 | H18503

A single part, chemically curing construction sealant and adhesive. PRO2® combines the best qualities of silicone and polyurethane technologies. Tested to ISO11600 class: F 25LM it's suitable for sealing and bonding in almost every application imaginable where durable high performance joints are required. Will accommodate up to +/- 25% movement when dry.

# FOR PLANET EARTH'S TOUGHEST JOBS.

An Amazing Advanced 3 in 1 Adhesive, Sealant and Filler

PRO3 delivers incredible adhesion on virtually any material. Created for trade professionals to replace multiple products with just one tube to deliver amazing all round performance.

Use it in any environment to bond, seal or fill wood, metals (inc lead), glass, ceramic tiles, natural stone, brick, concrete, plasterboard, most plastics (inc fibreglass), most synthetic materials, carbon fibre and much more.

PRO3® is odorless and doesn't contain solvents or any harmful VOC's so it's much safer and more pleasant to use than traditional solvent based adhesives and silicone sealants. Will accommodate up to +/- 12.5% movement when dry.

Industrial-strength, double sided, super absorbent and loved by trade professionals. Made from strong, anti-tear spun lace, special surface beading helps successfully remove oil & water based paints, oil & grease, silicone, uncured PU foam, adhesive, stubborn grime and much more. Unlike Hippo most wet wipe products are made from polypropylene. Apart from being less absorbent polypropylene wipes can take up to 1000 years to break down when disposed of in land fill.

## FILLTITE - The Trade Markets Leading Independent Wood Filler Brand.

A comprehensive range of products that offer suitability for every task and with all types of wood. Available in four colours the easy to use ready mixed formula is perfect for straight forward interior repairs.

For incredibly strong repairs on interior and exterior damaged or rotten wood, we recommend our 2 part system. Arriving early 2018 will be a new replacement high performance 2 part system.

It features an improved light weight formula that goes further by filling more holes per gram than most competitor products whilst being safer to use.

PREMIER Face Masks

Carefully designed to deliver outstanding comfort and performance for extended periods of use. Masks feature specially moulded shells that perfectly adapt to the contours of the users face, providing maximum comfort even when wearing glasses. The clever design also makes it easy to fold allowing convenient storage in pockets.

Conforming to European standard EN149-2009 and certified for use by professionals each mask in the range has a colour coded valve to denote its FFP rating.

# Digital Media & Marketing

Should you require up to date photography or marketing copy about our products for your own marketing materials then scan the link on the left. You'll be directed to a cloud folder containing everything you need. If you're unable to scan the link or for help and guidance using Temb  images and logos then please get in touch by phone or email.

NB. Product images in this catalogue are not shown to scale.

## Conditions of Sale

To buy direct from Temb  you need to be either a wholesaler, merchant or retailer. If you're a contractor, tradesman or consumer please contact us and we'll let you know the location of your nearest stockist.

By ordering direct with Temb  you are agreeing to our terms and conditions. All orders will be invoiced at the price ruling on the date of dispatch. The minimum carriage paid order is £75. Claims in respect of damaged or pilfered goods will not be accepted unless advised to us in writing within 3 days of delivery. Non delivery of goods should be advised to us within 7 days of invoice date. Returned goods will not be accepted without prior arrangement with our sales office.

Settlement of account is net, 30th of the month following date of invoice. All goods remain the property of Temb  DIY & Building Products Ltd until paid for.
